

# WORLD CITIES SUMMIT 2024

The biennial World Cities Summit (WCS) is a global platform for government leaders and industry experts to address liveable and sustainable city challenges, share integrated urban solutions and forge new partnerships. Since its inauguration in 2008, WCS has seen the participation of over 250 cities from around the world, represented by leaders from government, business, international organisations, and academia. The Summit typically spans 3 days, comprising the main conference and key highlights such as the WCS Mayors Forum, WCS Young Leaders Symposium, the Lee Kuan Yew World Prize Award Ceremony and Banquet, and an exhibition.

WCS is jointly organised by Singapore's Centre for Liveable Cities (CLC) and the Urban Redevelopment Authority (URA).
